# WALTER RADDUSO
## Frontend Engineer

## 👤 ABOUT ME

I am a passionate Frontend Engineer with a strong focus on frontend technologies. When I met the frontend, it was love at first line, and since then, I've developed expertise in several front-end technologies, including ReactJS, NodeJS, JavaScript, and TypeScript.

I've effectively led teams, collaborated with product managers, and adapted to different environments, demonstrating my versatility. Committed to continuous learning, keeping up with the latest advances in languages, tools, libraries, and frameworks keeps me at the forefront of the industry. I look forward to applying my expertise to new challenges and opportunities.
